---	---

Handwritten text in the left margin, continuing the narrative or providing commentary.

Handwritten text in the bottom margin, likely a conclusion or a separate note.

Handwritten text in Persian script, likely a manuscript or a page from a book. The text is arranged in several columns and rows, with some sections enclosed in rectangular frames. The script is dense and cursive, characteristic of historical Persian documents. The text appears to be a mix of prose and possibly some structured data or lists, given the presence of the frames. The overall layout suggests a formal or official document, possibly a record or a legal text.

Handwritten text in a cursive script, likely Persian or Urdu, arranged in a grid-like structure with multiple columns and rows. The text is dense and fills most of the page.

Handwritten text in a cursive script, likely Persian or Urdu, located at the top of the page, above the main text block.

Main body of handwritten text in a cursive script, organized into three vertical columns. The text is dense and appears to be a continuous narrative or a collection of related entries.

Handwritten text in a cursive script, located at the bottom of the page, below the main text block.

[illegible]

Handwritten text in the top margin, likely a continuation from the previous page or a separate note.

Handwritten text in the left column, written in a cursive script.

Handwritten text in the right column, written in a cursive script.

Handwritten text in the bottom margin, continuing the narrative or providing commentary.

Handwritten text in the bottom margin, continuing the narrative or providing commentary.

Handwritten text in a cursive script, likely Persian or Arabic, located at the top of the page, above the main text block.

Handwritten text in a cursive script, likely Persian or Arabic, located on the left side of the page, within the main text block.

Handwritten text in a cursive script, likely Persian or Arabic, located in the center of the page, within the main text block.

Handwritten text in a cursive script, likely Persian or Arabic, located on the right side of the page, within the main text block.

Handwritten text in a cursive script, likely Persian or Arabic, located at the bottom of the page, below the main text block.

Handwritten text in Persian script, likely a manuscript or a page from a book. The text is arranged in several columns and rows, with some sections enclosed in rectangular frames. The script is dense and cursive, characteristic of historical Persian documents. The text appears to be a collection of verses or a narrative, with some lines starting with "و" (and) or "و" (and). The overall layout suggests a formal or literary document.

Handwritten text in Persian script, likely a manuscript or a page from a book. The text is arranged in a grid-like structure, possibly a table or a list of items, with multiple columns and rows. The script is dense and cursive, characteristic of historical Persian documents. The text is written in black ink on a light-colored background. The overall layout suggests a structured list or a table of contents, with the text organized into distinct sections or columns. The handwriting is consistent throughout, indicating a single scribe or a well-trained team of scribes. The text is a mix of nouns, verbs, and adjectives, typical of Persian prose. The grid structure is formed by thin black lines, creating a clear organization for the information presented. The text is written in a style that is both elegant and functional, reflecting the traditional Persian manuscript tradition. The overall appearance is that of a well-preserved historical document, possibly a legal record, a medical text, or a literary work. The text is a valuable source of information about the language and culture of the time it was written. The grid structure is a key feature of the document, providing a clear and organized way to present the information. The text is a testament to the skill and artistry of the Persian scribes, who were able to create such a complex and beautiful document. The overall impression is one of a well-organized and carefully written document, reflecting the high standards of the Persian manuscript tradition.

Handwritten text in Persian script, likely a continuation from the previous page, written in a cursive style.

Handwritten text in Persian script, continuing the narrative or commentary, written in a cursive style.

Handwritten text in Persian script, continuing the narrative or commentary, written in a cursive style.

Handwritten text in Persian script, continuing the narrative or commentary, written in a cursive style.

Handwritten text in Persian script, likely a concluding statement or a section header, written in a cursive style.

Handwritten text in Persian script, likely a continuation from the next page, written in a cursive style.

Handwritten text in Persian script, organized into a grid-like structure with multiple columns and rows. The text is dense and appears to be a historical or administrative document.

Handwritten text at the top of the page, likely a title or introductory passage, written in a cursive script.

Handwritten text in the top right cell of the first table.	Handwritten text in the top left cell of the first table.
--	---

Handwritten text in the bottom right cell of the second table.	Handwritten text in the bottom left cell of the second table.
--	---
